COUNCIL TALKS OF MANY THINGS

Session almost Four Hours Long Held by Gettysburg Town Council on Tuesday Evening and Many Matters are Discussed.

Street extensions and changes, sewer matters and the old East Middle street alley contention were a few of the matters which occupied the attention of the Town Council in a session lasting almost four hours on Tuesday evening.

More than half of this time was given to discussion of the change in the course of West Middle street, asked by Calvin Gilbert, and of the extensions southward of the streets crossing Springs avenue. Mr. Codori, chairman of the committee appointed to investigate Mr. Gilbert's plan, reported that it was deemed best to leave West Middle street just as it now is.

Donald P. McPherson appeared before Council to object to any change if it would put the pavement line over the pipes of the Gettysburg Water Company. No motion was passed providing that the street be left as at present but the Council practically decided upon that course. Mr. Gilbert saying that if other property owners do the same he would give a release of his for the purpose desired.

On motion of Mr. Codori, seconded by Mr. Shearer, it was decided that the Highway Committee take up matters in the west end of town and report at an adjourned meeting Thursday evening. Rev. W. B. Hooper, with his attorney William Hersb. Esq., were present to present their claims in the extensions of the cross streets.

Dennis Twomey appeared before council to ask that crossing watchmen at Carlisle and Stratton streets be relieved at seven in the evening instead of at half past seven. The request was granted during the winter months.

Dr. Walter H. O'Neal asked the extension of the sewer line in the rear of his properties on Baltimore street to a point in the rear of Dr. Moriarty's property. The matter was placed in the hands of the sewer committee for investigation.

Calvin Gilbert appeared before council to complain of refuse burning at the old ice pond on West Middle street. Council admitted that it was a nuisance but took no steps to correct the same.

Mr. Butt, chairman of a special committee appointed to endeavor to straighten out matters regarding the East Middle street alley contention, reported that efforts to effect amicable agreement between Danner Buehler and Martin Winter were unsuccessful and suggested that the alley east of Mr. Buehler's property be so fixed as to include 3 feet of Mr. Buehler's land and 9 feet of Mr. Winter's land; that if no release of damages can be obtained viewers be asked so that the agreement with United States government can be entered into. The report of the committee was accepted on motion of Mr. Codori and further action deferred until the next meeting. The Light Committee reported that after a conference with Mr. Turner it was decided to deduct \$15.00 from the Tungsten light bill for August. The bill had been held up by Council and no agreement reached for several months. The bill, minus the \$15.00, was ordered paid.

A complaint was entered against the condition of Buford street between Chambersburg street and the railroad. No action was taken.

On request of Dr. Hudson the Highway Committee was instructed to fix the crossing at Third and Hanover streets.

Burgess Holtzworth reported collections of \$59.50 and Market Master Miller of \$14.80.

It was decided to follow the usual custom of turning over to the Fire Department the amount received from the state for fire insurance tax. This amounts to \$73.74 this year.

Among the bills ordered paid were the following:

T. P. Turner, repairs	.30
Times Publishing Co. advertising 2.00	
M & T. E. Farrell, crushing stone 10.00	
Gettysburg Lighting Co.	223.02
C. A. Bingham, surveying	63.40

139 MONUMENTS COSTING \$69,000

Erection of Sixty Four Five Hundred Dollar Brigade Markers to be Completed this Month. Seventy Five Union Next Year.

Sixty four handsome granite and bronze markers will have been placed along the Confederate lines of battle by the end of this month, according to the plans of the National Park Commission. Of this number the majority are already in place. Seventy five similar monuments are to be placed on the Union lines next year.

The brigade markers are of Jonesboro, Maine, granite, with large substantial bronze tablets giving the history of each brigade's action during the battle. They form a valuable addition to the marking of the field, making the story of the great struggle thorough and complete for the visitor unaccompanied by a guide. They cost in the neighborhood of \$500 each, making a total for the Confederate lines of about \$32,000.

Next year it is the plan to erect seventy five similar brigade markers for the Union Army though there will likely be a minor change in the design of the tablet to allow the placing of the corps badge above the inscription. The kind of granite for the Northern brigade tablets has not yet been determined upon but they will also cost about \$500 each or \$37,500 for the entire number. They, too, will tell the story of the part each brigade took at Gettysburg.

With the finishing of this work the Gettysburg field will be more than ever known as the best and most completely marked battlefield in the world. The total number of the brigade monuments will be 139 and the cost \$69,500.

"EDDIE" PLANK TO MARRY

A Philadelphia correspondent writes that four members of the Athletics are to become benedicts during the coming winter.

Eddie Collins and Jack Coombs, two of the stars of the recent series, are to use their winnings to furnish snug cozy corners and they acknowledge that winning the series helped some. Eddie is to marry Miss Mabel Dolan, daughter of a Philadelphia manufacturer, and Jack will journey all the way to Texas to claim Miss Florence Reiss, of Palestine. Eddie Plank, according to the report, is shortly to wed an old schoolmate. Short stop Jack Barry also announced that he has decided to marry.

MAY ABANDON WINTER MARKET

Suggested that the Curb Market should not be Continued during the Winter Months because it is not Self Sustaining.

That the Gettysburg curb market may be discontinued during the winter months is proposed by some of the members of the Town Council who argue that there is no need for the institution until spring and who contend that during the winter it will not be self supporting.

For the past week or ten days the number of people coming in with their wagons and produce has dwindled until each market morning sees only four or five wagons. This, of course, will not pay the market master's salary. Until this last month the receipts were more than enough to meet the current expenses, \$25.00 a month. Stall holders paid as follows up to this time:

May	\$53.50
June	39.65
July	32.45
August	61.80
September	29.10
October	14.80

The preliminary work of passing the market ordinance and advertising the same, of numbering the curb, having licenses printed and so on, cost considerable money but the receipts so far have justified the expenditures, even when the great good to the community is not taken into consideration.

Those who would like to see the market abandoned during the winter contend that the farmers have little to bring in now and that it is useless to spend the money until spring opens. Others want to see the market the year round and as yet no action has been taken by Council one way or another. It was brought up at Tuesday evening's meeting by Mr. Kitzmiller but it was the general opinion that even if it is to be abandoned until spring it would be better to continue it a little longer this fall.

ALREADY BOOKING DATES FOR 1911

Spring and Fall Hotel Reservations now being Made for the Season of 1911. Hotel to Make Improvements.

Though the tourist season of 1910 has scarcely closed bookings are already being made by tourist parties for next spring and fall according to Frank Eberhart, proprietor of the Eagle Hotel, who said,

"We have received requests for reservation from tourists parties for next spring while similar requests are also coming in for the autumn. Many of these will come from the New England states and will stay several days. We have one party coming in the fall of 1911 who have asked for the hotel for five days.

"Twenty five new bath rooms are to be placed in the house during the winter so that when the season opens we will have about seventy five rooms with baths there being fifty here now.

"The past season has been a very good one and indications are very bright for next year as it is early for us to receive so many many requests for reservations as we have at this time."

The Famous Rayo

Gives the Best Light at Any Price

When you pay more than the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. An oil light has the least effect on the human eye, and the Rayo Lamp is the best oil lamp made, though low in price. You can pay \$5, \$10, or \$20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflickering light of the low-priced Rayo.

Has a strong, durable shade-holder. This season's burner adds to the strength and appearance. Made of solid brass, nickel, and easily polished.

MUTILATED BODY REVEALS MURDER

Two Hunters Find Headless Corpse Near Reading.

POSSIBLY A PHILADELPHIAN

Head, Arms and Chest Are Missing and No Clue to Identity—Was Dead Probably Two Months.

Reading, Pa., Nov. 2.—A mysterious murder was discovered by gunners on the Neversink mountain, near this city.

The body of a man, with the head, arms and chest missing, was found, partly covered by leaves. The body had been completely and cleanly cut through as by a dissecting knife just below the juncture of the arms and the trunk.

Where the upper part of the body is and who this victim of foul play was constitute a mystery on which the whole efforts of the Reading police and the Berks county coroner's office are directed.

The man apparently had been dead two months, and it seems probable that he was a resident of Philadelphia. Copies of Philadelphia papers of Aug. 30 were found in his clothing, and a hat lying nearby bears the trade mark of a Philadelphia store. The rest of the clothing was unmarked.

Gunners Find Body.

George Kemp and Edward Bingham, both residents of Reading, are the gunners who made the discovery. They were out for a day's shooting on Neversink mountain and had wandered in quest of game near Black Bear. There, almost covered by leaves, they stumbled across the body, mutilated and badly decomposed.

The gunners were quick to realize that it was a case of murder, and hurriedly got into communication with the Reading police authorities. Coroner Wagner and detectives immediately went to the scene and searched for evidence as to the man's identity and a clue to his slayer.

Their search was rewarded only by the finding of the black derby hat about twenty feet distant from the body. They were baffled for the time being by the failure to find the arms, upper part of the trunk, and especially the head.

If the head were found, they felt, the identity of the man could be established, and then the motive for the murder could be uncovered. With this to work from the detectives were sanguine of their ability to solve the mystery of the tragedy.

Coroner Wagner expressed the belief, after careful examination of the condition of the body, that the man had been dead fully two months, indicated by the fact that the newspapers found were dated Aug. 30.

In addition to the derby hat, part of a white shirt also was found, but bore no mark. The rest of the man's clothing consisted of a navy blue serge coat, with a vest to match, and gray trousers with a large stripe a little darker in shade. An empty wallet was found in one pocket with a keyring bearing a Yale & Towne lock key and a trunk key. A comb and a horseshoe nail completed the list of articles discovered on the body.

Woman Heard Three Shots.

Strengthening the theory that the man was killed on Aug. 30 is the tale told by Mrs. J. H. MacFarland, wife of the owner of a hotel nearby. She says she heard three shots fired on the night of Aug. 30 and thinks the man may have been killed on that occasion.

Mrs. MacFarland heard the shots about 11 p. m. and says she looked out of the window toward the hill to see what the trouble was. A moment later she heard an automobile start away as if it had stopped at the edge of the park. The motor dashed southward on the Philadelphia pike. She could not tell how many persons were in the automobile, as the night was too dark.

Three Months' Accidents.

Washington, Nov. 2.—Accident bulletin No. 36, just issued by the interstate commerce commission, shows that the number of persons killed in train accidents during the months of April, May and June, 1910, was 137 killed and 2641 injured, being an increase of 38 in the number killed and 535 in the number injured. Accidents of other kinds bring the total number of casualties up to 29,650, or 766 killed and 19,884 injured, being an increase of 178 in the number killed and 4577 in the number injured.

Bryan Not a Political Free Lance.
Lincoln, Neb., Nov. 2.—In a hall hired by himself, W. J. Bryan proclaimed his political independence, so far as the head of the Democratic state ticket is concerned, and justified his bolt of Dahlman, candidate for governor. He disclaimed any intention of becoming a free lance in national affairs.

Arrested at Age of 107.

Grand Forks, N. D., Nov. 2.—Probably the oldest man ever arrested in the United States was imprisoned at Fort Totten, when C. M. Ziebach, aged 107 years, was arrested on a charge of introducing liquor on the Indian reservation.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have to much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Sold by Druggists, 7c.

RABBIT SEASON OPENS WITH RUSH

Several Bad Accidents in Hunt For "Cotton Tails."

Stroudsburg, Pa., Nov. 4.—The opening day of the rabbit hunting season witnessed a veritable rush to the favorite haunts of the "cotton tails." Everybody who could get a day off seemed to be out for game.

Every Lackawanna train brought the usual number of hunters from other sections of this and adjoining states.

There are plenty of rabbits in many sections of the county, according to reports, and the bag of the hunter on the opening day was up to former years.

William Rinker, Elwood Possinger, Frank Price and Arlington Bell, all of Reading, bagged eighteen rabbits and two pheasants. Many others were equally as successful.

Two Hands Shattered.

Pine Grove, Pa., Nov. 2.—Stopping to listen to his dogs chase a rabbit and resting both hands over the muzzle of the gun, the weapon was accidentally discharged, and Edgar Fidler, aged twenty-four years, had his left hand blown to pieces and a portion of the right hand also.

Shot by His Own Gun.

Easton, Pa., Nov. 2.—The first victim of the gunning season here was Frank Frick, of Haycock, Bucks county, who had his leg nearly torn off by a discharge of his gun while crawling over a fence. He was brought to the Easton hospital and is in a critical condition.

STEEL TRADE MUCH BETTER

Gary Declares Railroads Soon Will Be in the Market For Rails.

New York, Nov. 2.—Former Judge E. H. Gary, chairman of the United States Steel corporation, said there had been sufficient improvement in the steel trade in the last several weeks to warrant the statement that the foundation had been laid for continued betterment.

"Sentiment has improved and confidence in the future has been strengthened," said Judge Gary. "Present indications are that railroads will begin to buy rails and equipment in the near future. The Steel Corporation was never in better shape, physically or financially."

Odds in New York Favor Democrats.

New York, Nov. 2.—The close approach of election day, as emphasized by the tour of Republican spellbinders about the city, didn't result in the appearance of much Stimson money in Wall street betting circles. Odds of 2½ to 1 on the Democratic candidate were freely offered, but only a few bets were placed even at this figure. One of \$2000 to \$500 was made known.

BRODBECK VS. LAFEAN

The voters of the 20th congressional district will be called upon to decide by their ballots on the 8th of next November who shall represent the district in congress. Andrew R. Brodbeck or Daniel F. Lafean. In order to select wisely and safely between these candidates it should be well understood what they both stand for. Therefore a comparison of the political principles which they represent is in order.

Mr. Lafean stands for Cannon; Mr. Brodbeck is opposed to Cannon.

Mr. Lafean stands for Cannonism; Mr. Brodbeck is opposed to Cannonism.

Mr. Lafean stands for monopolies and trusts which seek to control the very sources of life; Mr. Brodbeck is opposed to monopolies and trusts and in favor of legislation that will curb their rapacity.

Mr. Lafean stands for the high cost of living that is the result of trust domination; Mr. Brodbeck stands for a cost of living that is within the reach of the poor as well as the rich.

Mr. Lafean stands for extravagance in the administration of governmental affairs; Mr. Brodbeck stands for economy in administering the government.

Mr. Lafean stands for a tariff ever higher and higher; Mr. Brodbeck stands for a revision of the tariff downward.

Mr. Lafean stands for a system that is against the interest of the farmer and the workingman; Mr. Brodbeck stands for those things that are in the interest of the farmer and the working man.

Mr. Lafean stands for the supreme right of special privilege as against the rights of the people; Mr. Brodbeck stands for equal rights for all and special privileges to none.

Bearing these things in mind, it ought not to be difficult for the voters of the 20th congressional district to determine for whom their ballots should be cast. Mr. Brodbeck will represent them; Mr. Lafean will represent Cannon and the trusts. That is the situation in a nutshell.

LAFEAN TO THE VOTERS OF ADAMS COUNTY

Type of Building authorized by Congress for Gettysburg at cost of \$100,000. Work upon it will begin next Spring.

In view of the near approach of election day, I am taking this method of appealing to you in behalf of my candidacy for re-election to Congress.

Since I have been your representative at Washington it has been my earnest endeavor to look after the interests of all the people of this district, irrespective of party affiliation, creed or color, and whenever opportunity afforded I have performed some service which I knew would work for the good of my constituents.

In all of my actions I have never allowed my personal feelings or desires to influence my course, having in mind only the welfare of the people I represent.

During my service at Washington I have labored unceasingly in behalf of the farmers and laboring men, the merchants and manufacturers of York and Adams Counties. I have worked and voted against measures which I knew would prove disastrous to them. I have vigorously opposed such measures even at the cost of losing the friendship of some of my colleagues.

Being a native of York County, where I was born and bred, I have grown up to appreciate the needs of my fellow men and I have secured governmental aid for them whenever and wherever it has been possible to do so.

I feel confident that my record as your representative at Washington will bear me out in the statement that I have carried out all the pledges I made and I have been faithful to the trust imposed in me.

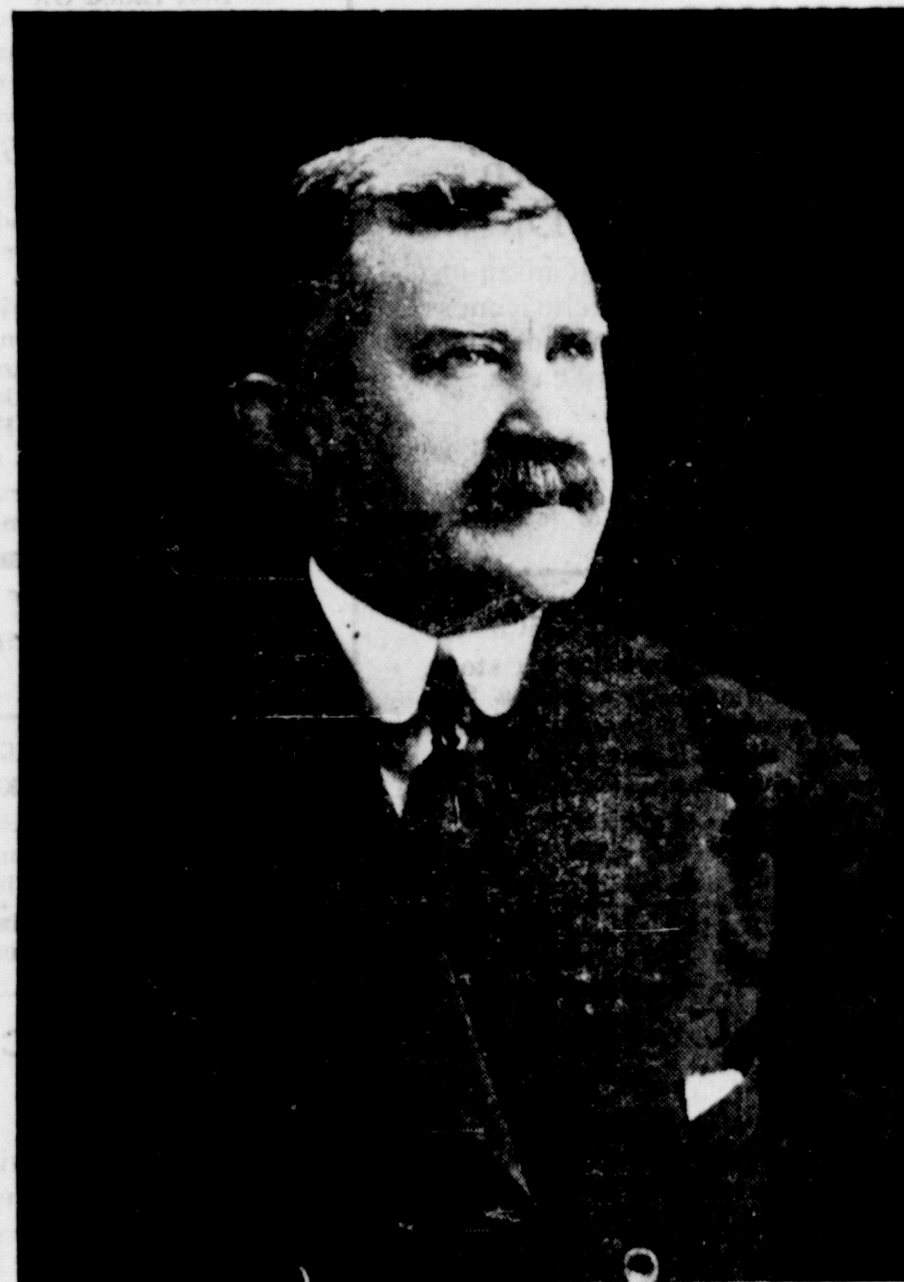

I want the voters of Adams County to send me back to Congress in order that I may continue my efforts in their behalf in securing additional recognition for the district.

If I believed that I had not lived up to the demands made upon me and worked conscientiously for all the people, I would not allow my name to go before the voters of the twentieth district on election day.

Realizing the responsibilities of my office, I have always worked and voted for measures which I felt would contribute to the welfare of the merchant, manufacturer, farmer and laboring man of this district.

I am deeply grateful for the assurance of support which I have received from those of all political faiths and with my re-election, I shall be spurred on to even greater accomplishments for the district and its people in the future.

I desire to express my heartfelt thanks for the assistance rendered to me in the past by the people of this district and I appeal for their continued support and influence at the coming election. Willing to be judged by my past record, I am,
Very truly yours,
D. F. Lafean.

Congressman Daniel F. Lafean of the Twentieth Pennsylvania District, who stands on his record.

Money Saving Possibilities in Seasonable Goods

DRESS SILKS

If you want to get away from the bug-a-boo of the high cost of living—buy Silks from this great Silk stock of ours. Never in the past twenty years have we been able to give the values in staple Dress Silks that we can at this time—for instance for

A good Black Crispy Petticoat Taffeta, 32 inches at 75 cents.
Black and Colored Taffetas, 35 inches wide at \$1.00
Black 35 inch Taffetas at \$1.25 and \$1.50
There is a quality value on these Silks of at least 25 cents per yard as compared with a little while ago.

THE SATIN FAMILY

is fully represented in our stock, with the same price advantage right through—**Messalines, Poie de Soies, Satin Duchess, Cashmere de Soies, &c.,** for instance.

36 inch wide Black Messaline \$1.12½, was very recently \$1.25—beautifully finished—altogether away from the shoe shine effect often found in Messalines. This grade of Messaline wears well and looks right.

ANOTHER SAVING

36 inch wide Cashmere de Soie Black and Colors, \$1.25—**\$1.25**—Sold freely at \$1.50 per yard out of our stock as late as October 25th., and is sold at that price now elsewhere. Cashmere de Soie is a Twill back with a rich satin finish—not too bright—very soft and yet heavier than Messaline.
Colored Messaline, and this is an Exceptional wearing silk. Silk Satin Duchess—26 inches wide 90 & \$1.00. All the wanted colors for day or evening gowns.

Marisettes in Blacks, Crepe de Chines and other diaphanous Silks at the usual profit on rightly bought goods. No fancy prices because of the demand.

Persian Silks and Persian Printed Satins

The scarcity of these goods in the primary market is such that we cannot count on duplicating any of our present stock—Several new Satin Prints just now in

26 inch wide \$1.25
26 " Printed Warp \$1.25
19 " " Cotton Black Satin .50

19 INCH ALL SILK PLAIDS 50 Cts Special Values

FANCY WAIST and DRESS SILKS in a great variety of patterns Colors and Prices

Elegant Variety of Women's Suits and Dresses

There are new Suits coming in almost every day. Individuality, Exclusiveness, (only one or at most two of any one kind) and great variety of Fabrics are characteristic of this stock.

We have Special Suits at \$10.75, 12.00, 16.00, up to 30.00.
Special wide range of styles & fabrics at \$25.00.

The One Piece Dresses

Are in as great variety almost, in our stock, as the Suits. Even though you buy a Suit you cannot well get along without the Dress. We are showing these Frocks in Serges, Fancy Weaves, Velveteens, (now so popular) Messalines, Taffetas &c., several colors. Tailored into correctness for simple elegance for home wear.

Less to pay too than the combined charges of Making, Trimming and Materials. Besides you don't have to wait on the dressmaker.

Blankets, Cotton and Wool, Fleece Comforts Under Price

In a way we did a stroke of bad business two years ago in buying twice as many Blankets as we could sell in one season, we bought them in such quantities because we got them under price at the time. Since then Blankets have been very much advanced in price, both Cotton and Wool, Cotton especially, but we are selling them priced on the basis of their cost in June 1909, in other words, the same old price of last year.

We Only Name a Few Here, Judge the Stock by these Prices

1 Lot 1¼, Heavy White Blanket full size and very heavy, \$2.50. 1 Lot 1¼, Heavy Grey Cotton, full size, \$1.00. These are larger and better than we were able to sell at this price when Cotton was 10 cts. per pound. 1 Lot 1¼, White and Grey, 100 per cent wool. This is a Hummer at \$5.00. **Our Price on these goods was higher last year.**

SPECIAL GRADES OF FLEECE COMFORTS

Satteen, Silkline and Cambric Covers from \$1.00 to \$3.00.

TAUBER SANITIZED LAMBS WOOL, IN 1, 2 & 3 POUND BOXES

Carded to 72 x 78 and 81 x 90, as well as Cheese Cloth covered ready to be covered and knotted with any covering you desire. Light weight, combined with great warmth.

Lost Her Hair

Woman Almost Baldheaded Grew Four Inches of Hair

Here is a piece of live news from Brownstown, Minn., that ought to interest skeptical men or women readers of the Gettysburg Times who are losing their hair or having dandruff or itching scalp. Remember that People's Drug Store sells Parisian Sage under positive guarantee to stop falling hair and itching scalp, and eradicate dandruff in two months.

Parisian Sage is a most refreshing and daintily perfumed hair dressing, free from grease or stickiness. It makes dull, lifeless hair radiant and lustrous.

"Parisian Sage is the best hair grower and beautifier and dandruff cure. I lost all my hair through typhoid fever; I was almost baldheaded and my scalp was as sore as could be. I tried everything, but in vain. Finally I tried Parisian Sage, and after using one bottle my hair started to grow, and has grown three or four inches inside of two months. I advise every lady who wants beautiful hair to use Parisian Sage." Miss Meta M. Kruger, Brownstown, Minn., June 8, 1910. Parisian Sage is only 50 cents a large bottle at People's Drug Store and druggists everywhere. The girl with the Auburn hair is on every package.

It Makes No Difference

what Ready Mixed Paint you buy, or at what price; you pay for the Linsseed Oil it contains at paint price, and have to guess whether it is Pure or Adulterated. When you use

DAVIS' 2-4-1

the condition changes since 2-4-1 is all paint and is made to stand the addition of one gallon or more of Pure Linsseed Oil—which YOU BUY YOURSELF at oil price—the result is two gallons Pure Linsseed Oil Paint and in addition, a saving to you of about one dollar on the transaction.

NEW YORK STRIKE SPREADS

Leaders Threaten to Call Out All Teamsters.

STORE DRIVERS WALK OUT

Peace Efforts Failed and Labor Leaders Threaten to Paralyze Business in Metropolis—Police Quell Riots.

New York, Nov. 2.—A conference that had been arranged for between express company officials, Governor Fort, of New Jersey; the mayor of Jersey City, a representative of Mayor Gaynor and a committee of strikers was called off.

Mayor Wittmann, of Jersey City, however, had a conference with some of the strike leaders. He would not talk concerning what had been done looking to a settlement.

When the news was received at the strikers' headquarters it was announced that a general strike of teamsters, involving 30,000 men, would be declared and that the paralysis of the business of the city by a withdrawal of all union drivers and chauffeurs would begin. The strikers have another grievance, in that policemen are riding as guards on express wagons.

Store Drivers Out.
The strike of the department store drivers, which started at Gimbels Brothers', has spread to Macy's, Abraham & Straus' drivers and helpers in Brooklyn also struck. The strike leaders say that the drivers and helpers of three prominent Manhattan department stores will also come out.

The strike has extended to Newark, where a number of drivers went out.

There was rioting in many parts of Jersey City and in Manhattan. For the most part, however, the outbreaks were quickly quelled by the police.

The first disorder in Manhattan occurred on Madison avenue, when a reserve squad of police started to disperse a mob of some 300 strikers and their sympathizers, who were attacking an American Express company's wagon. A pitched battle began. Broken bottles, stones and other handy missiles flew through the air and the big night sticks of the bluecoats were swung about. The strike sympathizers in a few minutes took to their heels, leaving three of their comrades in the hands of the police.

Some Prospect of Peace.

Possible results are looked for from the conferences held by Governor Fort, of New Jersey, with representatives of the strikers in Jersey City and later with express company officials in Manhattan. It was stated that the New Jersey executive has made known to the company officials what the strikers' demands were. While no official statement on the result of the conference could be had, it was understood that all but one of the companies were willing to consider the chief demand of the strikers—recognition of their union.

The National Civic Federation looked over the situation with a view of possibly bringing about an amicable agreement between the expressmen and the various companies affected.

John Mitchell, a member of the executive council, came to this city and went at once to the offices of the federation. There he held a long conference with several of the federation officers, discussing at length the strike troubles.

The Interborough, O. K. company, New York Transfer and Dodd's Express company drivers and helpers went out.

Lafean Sacrifices Personal Interests For Those of His Constituents

Throughout his entire career as Representative of the twentieth Penna. district in Congress, Mr. Lafean has never allowed the fact that he was elected as a Republican to interfere with the faithful discharge of his duties to his constituents and to the community. He has left politics behind when working and voting for legislation for the benefit of his people. Always willing and eager to accept suggestions from any man, woman or child in the district which would aid him in performing some service which would prove a benefit to them, Mr. Lafean has given all a square deal, no matter of what political faith, creed or color.

He has been exceedingly pains taking in attending to the smallest details in connection with his Congressional work, and no meritorious claim ever escaped his notice and attention no matter of what character or amount of work involved in its execution. He made a solemn pledge to represent the whole people of York and Adams Counties when he was first chosen to look after their interests at Washington and he has faithfully discharged every obligation made to them. He has sacrificed his own personal interests in order that the needs of the district and its people might not suffer. Fearless, independent and always on the alert, Mr. Lafean's record of achievements for his constituents is an asset never before possessed by any man elected to the position he now holds. The community cannot afford to be without his services in Congress.
